BIOLOGICAL SOCIETY OF WASHINGTON

PROCEEDINGS

1057 Meeting—24 April 1979

ONE HUNDREDTH ANNUAL MEETING

The meeting was called to order by the President Clyde F. E. Roper with seventeen members present. The minutes of the previous annual meeting were approved after they were corrected as follows: (1) the 1978 Annual Meeting was opened by Vice-president Roper, in the absence of President Richard F. Cowan, and (2) the name of the fifth councilor, C. Brian Robbins, was added to the list of those elected.

The reports of the various officers were presented and accepted. The Treasurer (David L. Pawson) showed that income, \$44,621.10, exceeded expenses of \$40,093.45, during the year, and that the Society was in good health. The editor reported that the first 3 numbers of volume 92 of the Proceedings were either in the hands of the printer or ready to go, and that the last number would be submitted well before the end of the year in order to prevent the problem of the last number appearing in the following year.

Under old business it was reported that John Aldrich had completed his history of the Society of the first hundred years, and was thanked for his efforts. Discussion of the possible activities for the hundredth year celebration then ensued.

The activities of the council in the past year were presented and discussed. These included the following points: a letter in support of the Los Angeles County Museum; the presentation of gratis copies of the Proceedings to the Director of the National Museum of Natural History and the Assistant Secretary for Science of the Smithsonian Institution; the approval of Bulletin 3, "Symposium on the Composition and Evolution of Crustaceans in the Cold and Temperate Waters of the World Ocean," edited by Austin Williams, and funded by NOAA; the B.S.W. Logo; the copywriting of the Proceedings; the custodial duties; the reprint of Roland Brown's "Composition of Scientific Words"; the rejoining of the Washington Academy of Sciences; the possible altering of the council membership; and the membership/subscription rates.

The old officers were thanked for their efforts, and the newly elected officers were announced.
